With over
60
years of
commitment
to excellence

from the desk of JMD.....

We extend our heart-full gratitude towards our esteemed Customers for patronizing GURU NANAK AUTO ENTERPRISES over the years. Since its origin about 63 years back the Company has fathomed many milestones with single minded focus to give maximum possible value to our Clients. Today our products touch all continents and include leading Truck manufacturers across the globe.

Furthering its aims GURU NANAK AUTO ENTERPRISES, the company had envisaged well thought plan of capital investment three years back. This included setting up of new forging and machining technologies besides modernizing the facilities with new material handling and quality systems. On other front we build a team of experienced and young employees who are well versed with emerging management and quality techniques to deliver goods and services towards the delight of customers.

The overleaf pages will give you a glimpse of what we are upto to further our capabilities.

In the end, we like to have cooperation and valuable inputs from all our Customers, Suppliers and employees for the success of the company.

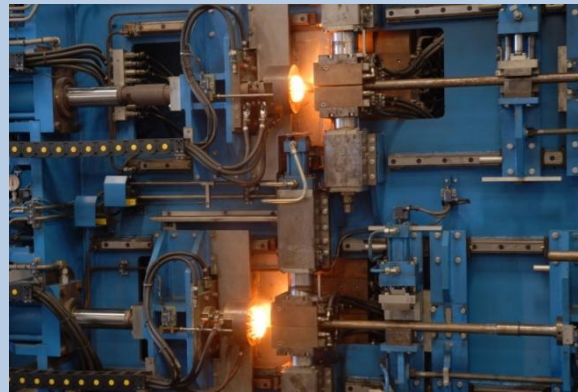

Gurinder Singh
